The New York Nationals continued their winning streak yesterday and defeated the Pittsburg Pirates again. It makes very little difference now whather the Pirates win or lose, as they have the pennant for 1909 cinched. The Brooklyns lost to the Cincinnati Reds and dropped into seventh place. NEARING THE END IN BIG LEAGUES

Rochester won the Eastern league pennant with .34 points to spare. Manager John Ganzel had transformed them from the tallenders of 1908 to the leaders in 1909. The champion Baltimores of 1908 had a poor season finishing seventh. Newark under Joe McGinnity was second.

Here's how Manager Jennings of the Here's how Manager Jennings of the Tigers sizes up the relative strength of the Pittsburgs and Detroits: "How do I compare the Tigers and Pirates? Well, you can say that Ty Cobb offsets Hans Wagner at any rate. Then Sam Crawford is a standoff for Tommy Leach or Fred Clarke. Moriarty is a better third baseman than Byrne, and Brash is Miller's equal as an inand Bushi is Miller's equal as an infielder. The Pirates have a better catcher in Gibson than either Stanage or Schmidt, but when it comes to pitchers Detroit has four—Summers, Mullin, Donovan and Willett—who will keep the Pirates from killing the ball—that is to say, of course, if we play them for the world's champion, and I sincerely hope we do."

Johnnie Kling, former catcher for the Chicago Cubs after hearing how the Pittsburgs have cinched the National League pennant said yesterday: "Well, I am tickled to death. That suits me exactly. "I was fined again and again and suspended until I couldn't stand it any longer," said the big Giant pitcher. "My salary for the year was \$4,500 on my contract, but McGraw fined me \$1,700 on one pretext or another, so I've got only \$2,800 for my work this year."

Says Jennings, Detroit's manager: "The Pirates have a great team and they have won the National League pennant in a comparative walk. Barring the Cubs and Glants, they have ring the Cubs and Glants, they have had practically no serious opposition, while Detroit has been compelled to fight hard all season to keep in front because of the strength of not only the Athletics but also the Bostons. Chicagos Clevelands, Highlanders and others. Here we are within a week of the end of the season and yet we have get to win fow streight games. have got to win four straight games from the Bostons to cinch the pennant. The strain has been terrific and much greater than Pittsburg's, but the Tigers are game and will not go to pieces after the American League fight ends."

YOSTS AND WEST ENDS ARB STILL QUIBBLING

Each Team Claims Right to Services of Johnson.

There are still many details to be fixed up between Manager Lynch of the Yosts and Manager Ritchel of the West Ends before the two teams meet west Ends before the two teams in this Saturday at Newfield Park in the first of a three game series. The West Ends want the admission at the park to be 25 cents and 10 cents for the grand stand. The Yosts want the general admission 15 cents and 10 cents for the grand stand. The West End for the grand stand. The West End prices are the same as are charged at

the professional games.

Another matter which is liable to cause a break is that Ritchell will not allow Pitcher Amos Johnson to play with the Yosts, Johnson is also a member of the West End team. The West Ends have any amount of good pitchers, while the Yosts have to depend upon White and Johnson with Rohrback to fall back upon if necessity requires.

From the way in which Stanley Ketchell is going about his training, it is very evident that the broad-shouldered! Ritchell is reminded that Mike Smalling played with the Yosts against the South Ends. though he also was a member of the latter team. The South End management did not want to break up the team work of the Typewriter crowd. Then again Pitcher White and Catcher Wilson played against their team mates, the Newfields, and their absence from the latter team weakened that outfit. In view of the fact that the Yosts can use only a player who works in their factory, and the West Ends can go all over Connecticut to get the players many fans believe Manager Ritchel should not hog it all.

To our throw himself on the suggestion that he isn't a jackanapes, and that he isn't a jackanapes, and that he doesn't intend to "throw himself on the spears," as did big Jim Flynn, the Pueblo fireman, in his meeting with the dusky dandy of the game.

"Billy Roche will tell you that the men who have fought Johnson have got up from their chairs at the sound of the gong with the one idea in their heads that Johnson had a streak and that show him up. But the show, while it lasts, will from all accounts, be a hummer and one worth travelling some distance to see. For when Bunny Ford gets to going there is always plenty of excitement to last for a while. Then, again, this eve he will face the old veteran Austin Rice, of New London, the boy who for many years has held down a "rep" of being composed of iron and while he has not scored victories over all his opponents, it has been difficult to locate a boy his weight who could make Austin quit.

Ford is in perfect shape. He has been working out with Willie Lewis at Hotel Uncas, Savin Rock, and fils backers feel that Rice has at last met his superior. Ford will get into the ring to-night with Rice, confident of making the New London man backon for the sponge long before the scheduled number of rounds have been counted off by the official in charge.

The Detroit manager volunteered his services as soon as he learned that the Glants had refused to meet their rivals in the benefit game.

New Haven, Sept. 30.—Football experts are of one opinion to-day regarding the Yale '09 team and that is that they will have to "get together." The game with Wesleyan yesterday clearly demonstrated the fact that while Yale has a number of individual sters the essential team work is still while Yale has a number of individual stars the essential team work is still lacking. The men will be put through a vigorous practice from now until Saturday when the strong Syracuse team will be their opponents. Mr. Pinkney, by the way, owned one of the marauding dogs and after a long delay settled the town's claim against him only when a lawsuit was impending.
